Doran to demonstrate TPMS and telematics integrations and LumAware™ illuminating safety products at CONEXPO – CON/AGG 2017

Cincinnati, Ohio- Doran will be among leaders in the construction industry at the CONEXPO - CON/AGG 2017 from March 7 – 11 at the Las Vegas Convention Center in Las Vegas, NV (Booth # G70506). Doran team members will be on hand to discuss the benefits of utilizing Doran's tire pressure monitoring systems to help reduce tire related repairs and increase tire maintenance safety. Doran will also have demonstrations available of the SmartLink™ One Click™ technology and integrations with telematics providers including the new Divelbiss Wi-Fi integrated system. In addition, Doran will also be providing demonstrations of the LumAware™ illuminating safety products.

“Doran has been actively providing tire pressure monitoring systems for more than 15 years and we are looking forward to participating in this trade show for the first time to show Doran can help reduce tire related repair/maintenance costs and improve safety for Off-The-Road tires.” said Lee Demis – Director of Business Development. “The Doran tire pressure monitoring systems offer a reliable, cost effective and user-friendly solution to monitoring tire pressures and providing remote access to the data and alarms to optimize tire maintenance program.”

About Doran Manufacturing, LLC: Cincinnati-based Doran Manufacturing has been creating solutions for 60 years including providing quality transportation safety since the early 1970s. In addition to tire pressure monitoring systems, the company supplies LED and incandescent Exterior Light Monitors, Sleeping Child Check® monitors, Emergency Exit Monitors and a full range of LED lighting products to the school bus market. Also, the company continues to manufacture customized electric terminals and terminal boards in the original factory that was established in 1953.
