Doran Manufacturing celebrates 55 years in business and looks forward to the future

Cincinnati, Ohio – Doran Manufacturing, LLC recently marked the company's 55th year in business with an internal celebration with their team members to properly acknowledge past accomplishments and to confirm the focus and direction for the future.

"With so many companies struggling to survive and thrive, we chose to conduct an extensive review of our business. We discovered that Doran has a proud and deeply rooted legacy of establishing long-term relationships with our customers that is founded on treating their problems as if they were our own" said Jim Samocki, General Manager. "As with every company, we have been faced with a number of challenges to our business, but our team members have been integral to keeping the company on course. They continually working to fulfill the higher purpose for the products in the key markets we serve, including:

- Terminals and Terminal Boards:
 - We create and provide customized solutions to simplify complex assembly issues
- School Bus:
 - We protect children
- Truck Fleets:
 - Our truck fleet customers lower their costs, improve their overall safety and become more competitive while we are contributing to saving the planet, one tire at a time
- RV:
 - We provide a safer and more peaceful RV experience
- Motorcycle:
 - We are preventing accidents and saving lives

Ultimately, these beliefs support the key operating principle of our owners, which is to continue to make Doran an unusually good place to work and have a career. We are looking forward to providing new solutions to our customers' problems and expediting the next growth phase for our business," concluded Samocki.

Cincinnati-based Doran Manufacturing continues to produce and assemble terminals and terminal boards for small electric motors in the original factory that was established in 1954. In addition, the company has been designing, assembling and supplying transportation safety products for school buses, RVs and commercial trucks for more than thirty-five years. Product categories include tire pressure monitoring systems for RVs, Truck fleets and Motorcycles; Monitors for LED/Incandescent lights and Sleeping Child Check monitors for school buses.
